

PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., FRIDAY, AUGUST 7, 1896.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can give away his goods. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

Upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers

Excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however.

Does Not Include

Notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—20 times;—the bill is \$10.00. When he finds it out there is a "kick" and a controversy, followed probably by an angry feeling. Now to obviate this trouble, no "I'll tell you" notice will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Miss Florence Stevens of Lexington is visiting relatives here.

Mr. "Dick" McCann of Cincinnati was the guest of Frank Warner Wednesday.

Mr. and Mrs. L. W. Robertson left yesterday for a sojourn at Petoskey and other points in the Northwest.

Mayor William H. Cox and family returned yesterday from Chautauqua, N. Y., after a delightful sojourn.

Mrs. Mattie W. Mannen and Miss Mattie Lee Mannen of Covington will arrive today to spend a month in this city.

Mrs. Rawlins and daughter of Dallas, Tex., have returned home after a visit of several weeks with the family of Mr. C. H. Frank.

Misses Amanda and Anna Knapp, Fannie Walker and Mr. William Ermie of Indianapolis spent yesterday in this city with the family of Mr. J. D. Muse.

The river is going down the bank a great deal faster than it came up, the gauge this morning at 7 o'clock showing 33 feet 6 inches. With the fall of the river there is left upon the grades a deposit of mud to the depth of about two inches, which is a great annoyance to those having business at the wharves or ferry landing. Council should act at once in this matter and "turn the hose" on the grade and wash this nuisance into the river.

Mr. J. K. Edgington, son of "Uncle" Peter Edgington, died last midnight at his home in Oklahoma, just across the Sixth Ward line. Mr. Edgington was about 36 years of age and leaves a wife and three children. He was an employee of the James H. Hall Plow Co., having run the grinders, and it is thought the inhaling of the dust from these caused consumption, from which he died. He was a member of the P. O. S. of A., and the funeral will be under the auspices of that Order Sunday.

The gross earnings of the L. and N. for the fourth week in July were \$518,095, a decrease of \$30,757 from 1895, an increase of \$1,842 over 1894 and of \$691 over 1893, but a loss of \$65,170 as com-pared with 1892.

It is surprising the number of people who had despaired of getting Glasses un-til they tried P. J. Murphy the Jeweler's system of fitting the eyes, who now see as well as when they were young. No charge for Glasses unless they suit.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I care-fully read the directions and gave it ac-cordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs. Lina S. Hinton, Grahamville, Marion Co., Florida. For sale by J. Jas. Wood, Druggist.

THEIR FIRST GO.

The Maysville and Mt. Sterling Clubs Start Today.

This afternoon the Bluegrass League series opens with Maysville.

The Kurnels will play the Mt. Sterling nine, which has been greatly strengthened since last week, and the Maysville Club will have to play ball sure enough.

Manager Isola of the Mt. Sterling team is of the opinion that his men will be sure and "put Maysville out of the busi-ness" today, and not give us a chance to play a second time.

We'll wait until the returns come in from the back precincts before we'll believe this rash assertion of Manager Isola.

Shanks of Madisonville or our used to be Hiberger will pitch for Mt. Sterling, while Newton will put them over for the Kurnels.

The first games of the League that will be played in this city will be between the Lexingtons and Kurnels; after Lexington then comes Paris on the 17th and 18th.

Lexington and Paris had another go yesterday at Paris.

The following is the way the game stood at the end of the ninth inning:

	1	2	3	4	5	6	7	8	9
Lexington.....	2	5	0	5	7	1	0	0	20
Paris.....	3	0	0	0	1	3	0	0	6

Batteries—Conover, Lindsley and Smith; Taylor and Tenley.

Hits—Lexington 20, Paris 5.

Struck out—By Conover 7, by Taylor 2.

NOTES.

The games at Knoxville have closed with the Indians the best by one game.

Sam Lever has gone home, accompanied by his sister, where he will rest up awhile.

The Colonels will be here for a good game Monday, and the other Kurnels will down 'em sure.

Henry Bertman's crack team of 1896 defeated the Y. C. P. yesterday. It took eleven innings to decide it. Score 15 to 14 in favor of the Bertmans.

The Wyandottes and Pikers play this afternoon at the Park. These games are extremely interesting, and you should go out and see the boys play the game. It costs you nothing.

It was her first ball game. She sat in a box, decked out in blue, with feathers, flowers and sash to contrast. Ever now and then she would utter a little scream as a high foul went sailing over her head, and then wonder "where they got another ball." "They must find it awfully quick," said she, "for they begin again right away." The old "fans" listened and smiled, and then laughed loudly a minute later, when as "Shorty" Lautenbach came waddling to the bat the young woman turned to her escort and innocently asked what that little man with the bench legs was wearing a feather bed for.

Catarrah Cannot be Cured

with Local Applications, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physi-cians in this country for years, and is a regu-lar prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous sur-faces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimo-nials, free.

With Nearly Forty Years

Of successful experience in the manufacture of Watch Movements and Watch Cases, and with the mechanical knowledge gained in the construction of special machinery and tools necessary for the manufacture of watches, we have reason to believe that no factory in the world is better able to produce a bicycle of superior design and work-manship. Our machinery is the finest and most modern in existence. Our workmen are trained to a greater de-gree of accuracy than is usually observed in any bicycle factory. Where is the bicycle factory that is capable of producing a machine made equal to a Dueber-Hampden Watch or machinery required to manufacture same?

These Bicycles, as well as a full line of the Dueber-Hampden Watches, can be seen at

RUGGLES CAMPGROUNDS.

The Ledger's Scribe Writes Enter-tainly of the Meetings.

RUGGLES CAMPGROUND, August 6th.

At 7 o'clock last night Dr. Reese preached from Second Corinthians iv.,-18: "While we look not at the things which are seen, but at the things which are not seen," &c.

The Tabernacle was filled to its capac-ity, for the people were eager to listen to this eloquent man of God.

His countenance was like the sunshine as he pictured to us the unseen things that were in store at the end of our jour-ney for the faithful of God.

It was indeed an impressive sermon.

At its close Prof. Crabbe sang one of his captivating solos. He put much feeling into it, for this was his last song for this Campmeeting, and his association with our people has been so delightful that he and his wife both felt sorrowful at part-ing. The little children ran out from the Tabernacle and clung to him as long as they could, and seemed as if they would pray the carriage that was to take him away from them. The people at Epworth Heights are indeed fortunate in securing his services, and he will do them good. God bless Bro. Crabbe and wife.

Up to the present time there has been three conversions and one addition to the Church.

At 10:30 a. m. Rev. George Young of Richmond gave us his lecture on "Tem-perance." He is an entertaining speaker and keeps his hearers in smiles most of the time. He declares that the liquor question can only be decided by the bal-lot.

Bro. Young also addressed the young people at 2:30.

At 7:30 p. m. Rev. G. W. Bradford ad-dressed us on the same question. He made a powerful appeal to the people to look to the interests of their sons and daughters and take more interest in this work.

He was very enthusiastic and declared that he believed he would live to see the day when Kentucky would be freed from the saloon, and gave some good, sound reasons for thinking so.

Tomorrow the meetings will get back into their regular order, and we trust that from this hour the glorious work of salvation to the people may begin and that before the meeting of 1896 closes we may be able to record scores of souls converted.
